Subject: RE: Columbia Falls Aluminum Smelter

Hi Alicia,

Here is what Robert was posting about our meeting.

I don't have a deadline as of yet.

Yes you can comment. You can provide comments to me or directly to CFAC.

Public Availabilities: Mike Cirian, EPA project manager for the CFAC site, and Robert Moler, EPA community involvement coordinator, will attend two meetings in Columbia Falls in April:

- **City of Columbia Falls Council Meeting**
 - Monday, April 17, 2017 @ 7:00 pm
 - City Council Chambers, City Hall, 130 6th St West, Columbia Falls Montana 59912.
- **CFAC Community Liaison Panel Meeting**
 - Wednesday, April 19, 2017 from 6-8 p.m.
 - Columbia Falls High School Cafeteria, 610 13th Street W., Columbia Falls, MT 59912.

EPA will provide a site update and discuss the initial round of data collected in the site investigation process and the draft summary report for that data. We will also talk about the draft community involvement plan and collect any feedback from the community.

I am in Training all week from 8:00 to 5:00.

Thanks
Mike

Subject: Columbia Falls Aluminum Smelter

Hi Mike,

I wanted to touch base with you about the Columbia Falls Aluminum Smelter site. I see that the Draft Phase 1 Data Summary Report is now publicly available. What is your timeframe for finalizing the report? Is there an opportunity to comment on the report and to comment on sampling plans for Phase 2 sampling?

Your office said that you are out on training this week, but perhaps we could touch base when you are back in the office. Will there be some upcoming public meetings in Columbia Falls?

Thank you,

Alicia Stickney
